TWINNING

BUILDING EUROPE TOGETHER

**INSTITUTIONAL CAPACITY BUILDING IN
THE FIELD OF MARITIME SAFETY
TWINNING PROJECT HR/2005/IB/TR/01**

WHAT IS TWINNING?

KEY FEATURES OF TWINNING ARE:

- **Projects are built around jointly agreed EU policy Objectives**
 - **Beneficiary Country retains ownership of project**
- **Projects yield concrete operational results linked to EU acquis adoption**
 - **Projects involve a peer-to-peer exchange of hands-on public sector expertise and experience**
- **Projects are a genuine partnership fostering close co-operation**

TWINNING PROJECT HR/2005/IB/TR/01**

TWINNING MISSION

For the new Member States, the accession countries,
the candidate countries and the potential candidate
countriesto

**INSTITUTIONAL CAPACITY BUILDING IN
THE FIELD OF MARITIME SAFETY
TWINNING PROJECT HR/2005/IB/TR/01**

- ✓ **to provide institution building support with the view to assisting with the transposition, implementation and enforcement of the EU acquis**
- ✓ **to organise targeted medium-term administrative co-operation for the benefit of EU partner administrations calling on public sector expertise in the Member States**
- ✓ **to meet precisely defined EU policy objectives formally designed with the Beneficiary Country notably through the long-term secondment of Resident Twinning Advisors**

**INSTITUTIONAL CAPACITY BUILDING IN
THE FIELD OF MARITIME SAFETY
TWINNING PROJECT HR/2005/IB/TR/01**

**The contribution of Twinning was recognised by the
European Court of Auditors in its report of 2003:**

“Twinning is ... a positive initiative by the European Commission to assist candidate countries in acquiring the capacity to adopt, implement and enforce the *acquis communautaire*. The Twinning projects act as a catalyst in setting the candidate countries’ reform in motion, bringing together specialists from MS and candidate countries’ administrations and promoting the adoption of the Community legislation (...).”
