

A notice of arrival of a vessel in the territorial sea of the Republic of Croatia may be submitted by any natural person (not necessarily the owner). A notice of arrival is submitted once for the current year. In case of arrival of a foreign yacht or boat, **the first arrival notice must be submitted personally in the harbormaster's office / branch office** in order to check the vessel's data and enter them in the e-Nautics Information System. Arrival notices for each subsequent year can be made electronically.

You can log in to e-Nautics via link: <https://enautika.pomorstvo.hr>

On the bottom of the page is *Login for EU citizens* where you select country and *Login button*, you will be redirected to the NIAS (National identification and authentication system) pages the login procedure depends on the e-citizen system of your country.

Upon successful login, you will be redirected again to the e-Nautics service. The navigation layout differs depending on the type of the device (cell phone, tablet or laptop) you are logging in from. On the laptop, the menu is open so that all options are immediately visible. On the upper red tool bar you can edit the profile and view the created requests, as well as log out. e-Services save the minimum set of your personal data required for certain processes. On the tab YACHT OR BOAT ARRIVAL NOTIFICATION you can found yacht / boat for wich you are making notice of arrival

There are two ways to find a desired yacht or a boat

1. By selecting the appropriate flag (country) of a yacht or a boat and entering the mark or the name of a yacht or a boat. You need to enter a full name and/or full mark of a yacht or a boat.

2. Alternatively, by entering a serial number of the old receipt of fees paid (vignette) upon notifying the arrival of a yacht or a boat. Turn on this option by selecting "I want to find a vessel by the number of the old payment receipt (vignette)". You can submit a notice of arrival of a yacht or a boat only for a yacht or a boat indicated in the table, by clicking or pressing the appropriate option in the row displaying a yacht or a boat.
